## **ONCE UPON A MAGIC!**

Come, join us on this amazing interactive adventure with Liza as she is guided through the forest in search of the Magic Sword to fend off the evil darkness of Abaddon. This new play, by veteran playwright Sam M. Parry, will transport everyone, young and old alike, into a world of magic and sorcery, swordplay, a fire breathing dragon, a crazed maddened giant and does so within a fabulous set and heaps of special effects! This is fun that not only delights but offers introspection into the value of truth and honesty, personal worth and the natural world we take for granted—particularly at a time of conflict, such as in our modern world.
